

Jockey Club College of Veterinary Medicine and Life Sciences

香港城市大學
City University of Hong Kong

in collaboration with Cornell University

Professor/Associate Professor/Assistant Professor (Veterinary Anatomical Pathology/Veterinary Clinical Pathology) in the Department of Veterinary Clinical Sciences [Ref. C/655/09]

City University of Hong Kong is a dynamic, fast-growing university that is pursuing excellence in research and professional education. As a publicly funded institution, the University is committed to nurturing and developing students' talents and creating applicable knowledge to support social and economic advancement. The University has nine Colleges/Schools. As part of its pursuit of excellence, the University aims to recruit **outstanding scholars** from all over the world in various disciplines, including **business, creative media, data science, energy and environment, engineering, humanities and social sciences, law, science, veterinary medicine and life sciences**.

Applications and nominations are invited for the above posts:

The Department of Veterinary Clinical Sciences was established in March 2020 with the vision to be Asia's preeminent body advancing veterinary clinical science in response to evolving societal needs. The mission of the Department has three distinct but interrelated components: to train highly-professional, practicing veterinary clinicians through didactic teaching, laboratories, and practical experiences based in state-of-the-art veterinary clinical facilities; to advance animal health through cutting-edge clinical research; and to contribute to the community through excellent service and outreach.

The position will be appointed on clinical track or tenure track.

Duties

The appointee will actively contribute to the missions of the Department of Veterinary Clinical Sciences to train highly professional veterinary clinicians, to advance animal health through cutting-edge clinical research and to engage with and support the local community. She/he will teach across the BVM curriculum to ensure that students can attain Day 1 competencies by integrating and applying knowledge, skills and professional attitudes. The appointee will provide didactic and laboratory teaching and provide service to CityU Veterinary Diagnostic Laboratory, and will also support students on clinical rotations which will begin in 2022. The appointee will conduct research, take up administrative work and other duties to facilitate the development of the College and its Departments as a whole. Involvement in research is supported and encouraged for clinical track.

Requirements

The appointee must have a veterinary qualification recognized for registration as a veterinary surgeon in Hong Kong with degrees in Doctor of Veterinary Medicine (DVM) or Bachelor of Veterinary Science (BVSc), or equivalent in all levels of appointments. Board certification (European, Australian/New Zealand, American, or equivalent Boards) in the relevant discipline is required for appointment at **Clinical Associate Professor** level or above. For **Clinical Assistant Professor**, credentials for Board certification should be completed, or near completion. Experience in clinical teaching, service and research is required. A PhD is preferred for clinical track and essential for tenure track.

Salary and Conditions of Service

Remuneration package will be driven by market competitiveness and individual performance. Excellent fringe benefits include gratuity, leave, medical and dental schemes, and relocation assistance (where applicable). Appointment will be made on a fixed-term contract.

Information and Application

Further information on the posts and the University is available at <http://www.cityu.edu.hk>, or from the Department of Veterinary Clinical
