

The Department of Pathobiology at the Faculty of Veterinary Medicine, Utrecht University, The Netherlands has a vacancy for a position as

### **RESIDENT (0,80 fte)**

**A vacancy** exists in the Veterinary Pathology Diagnostic Center (VPDC). The VPDC provides teaching of DVM students (year 2-6), offers service in diagnostic pathology (companion, farm and exotic animals) and performs patient oriented research.

**The pathology residency** of the department of pathobiology is an in-service training program in veterinary pathology that leads to the certifying examination of the European College of Veterinary Pathologists (ECVP) and that covers all species from the whole animal to the gene. During this time the candidate shall acquire competence and expertise in the broad field of veterinary pathology which will allow the successful pursuit of a career in teaching, research and/or diagnostic pathology.

#### **Duties**

Your tasks will consist of participation with increasing independence in teaching and diagnostic activities and research. The position has many contacts with veterinarians, both in the field of clinical medicine as well as research, and biomedical research workers. It is necessary to publish two original articles in the area of veterinary pathology.

#### **Qualifications**

We are looking for a veterinarian with proven interest in research, teaching and diagnostics in the area of veterinary pathology. You are able to organize your work efficiently and independently. You have great dedication and perseverance and have good social and communicative skills. You are prepared to learn Dutch within a reasonable period of time.

#### **Conditions**

We offer a temporary contract for 1 year with the option for extensions for a total of 4 years. Starting date is as soon as the position is filled. Salary is according to experience and within scale 10 according to the CAO of the Dutch Universities.

#### **Information**

For more information contact A. Gröne ([a.groene@uu.nl](mailto:a.groene@uu.nl)).

#### **Application**

Applications, accompanied by a full curriculum vitae, should be sent before **1-4-2013** by e-mail to [m.h.h.backers@uu.nl](mailto:m.h.h.backers@uu.nl).

Candidates from the European Union are eligible for this position. Applications from the American continent will also be considered.
