

**Job Offer: Veterinary Pathologist Dipl. ECVP/ACVP**

**At Laboklin Laboratory, For China Team, Freelancer / Part-time, Full Remote (digital, home office)**

Position: Veterinary Pathologist

Location: Laboklin Laboratory, For China Team / Remote, free-lance, Full Remote (digital, home office)

About Laboklin:

An accredited specialist laboratory for veterinary diagnostics.

Since our foundation in 1989, we have been a reliable partner for veterinary practices and clinics throughout Europe and have established ourselves as one of the leading service providers in this field. Our spectrum ranges from examinations in the field of microbiology, clinical laboratory diagnostics and allergy to pathology and genetics.

The fastest possible diagnostics, reliable results, the best possible service - these are the goals that guide our constant actions in contact with our customers. Within the team, our aim is to create a working environment in which every member has the freedom to give their best. We want the focus not only on our specialist knowledge, but also on the person themselves. The appreciation of all employees and their achievements is a priority for us, because we know that company success can only be achieved with a motivated and well-trained team.

**Your advantages at LABOKLIN:**

- Permanent contract with attractive and performance-related remuneration
- Independent work with short decision-making processes
- Flexible working hours tailored to your needs, freelancer and home office also possible

**Your role - This is what awaits you:**

- Histological, cytological and immunohistological diagnostics
- Validation and interpretation of the results of the findings
- Advice (relating to reports and clinical treatments) to our customers by email or telephone
- Conducting seminars/giving lectures, mainly for practicing veterinarians
- Preparation of publications
- Supervision of studies

**Your profile - This is what you bring with you:**

- Successfully completed university degree in the field of veterinary medicine, preferably with a doctorate as specialist veterinarian for pathology and Dipl. ECVP/ACVP and at least two years of professional experience in a veterinary pathology for pets.
- Extensive knowledge and experience in the field of veterinary pathology, ideal with clinical working experience

- Social skills, ability to interact and work in a team
- Structured way of working and analytical problem-solving behavior
- Written and spoken English is a prerequisite, other foreign languages are an advantage
